

Birdability

Bird Your Way Event!

Saturday, Oct 26th | 10:00 AM–1:00 PM
@ Quincy High School

Birdability Week is an annual celebration dedicated to birders with disabilities and other health concerns. Plumas Audubon Society's Birdability event will offer several birding options for all abilities!

Please meet at the Quincy High School Parking lot, where four options for birding will be detailed and attendees can choose their adventure.

[Binoculars will be available to borrow!](#)

Bird Your Way Options Include:

- Car-accessible birding via a spotting scope.
- Two “walking” options: One paved wheelchair accessible option and a flat-terrain dirt path option. Both are under a quarter mile.
- At the Learning Landscape we will have a seated area set up for stationary birding, “bird-listening”, and crafts and coloring pages.
