

VOLUNTEERS NEEDED: Boats!

Are you a local with a motor or pontoon boat?

Summary and background

Plumas Audubon Society (PAS) is seeking local volunteers with access to a motor boat or pontoon boat to assist with surveys throughout the field season. PAS is also seeking interested parties who may be willing to drive a pontoon boat/s at the 2024 Lake Almanor Grebe Festival.

The ideal individual/s will accompany PAS staff during strategic periods throughout the grebe breeding season as they conduct the organization's research project. Per our desire to conduct full lake census surveys (counting all the grebes on each lake) throughout the grebe breeding season, surveys will occur monthly on Lake Almanor, Antelope Lake, and Lake Davis in June, July, August, and September. The Grebe Festival will require boat drivers August 10, 2024.

Guidelines for interested parties

Contact PAS's Wildlife Projects Assistant, Lauren James, by June 21, 2024 via email at lauren@plumasaudubon.org or call the PAS office at 530-616-8670.
